

Shelby 5K

One Mile Fun Run

As you know, we live in a great community, one made up of families and individuals that can leave an unforgettable impact. Shelby and Mary Neese are certainly one of those families, leaving a lasting impact on many in our community and abroad. From a long and meaningful tenure at Pinelake Church, to serving full-time in international missions, they have lived their lives surrendering to the great cause of loving the world.

Shelby and Mary moved back to Mississippi to be close to their children. On January 26th, Shelby fell through the ceiling of a home. This accident left him in need of great medical attention and a potential long term recovery. As a community, we want to give back to this family that has so impacted the lives of many of us! Please consider a donation to a great family event on April 16th at the Flowood Nature Trail. This event will begin with a 5K, followed by a One Mile Fun Run, great food and fun activities for the kids! 100% of all proceeds will go to fund the medical needs of Shelby Neese.

This event is made possible by family and friends. Please be advised, we are not a non profit or 501C, we are a community supporting one of our own.

Shelby 5K

April 16, 2016
